

Dear Parents,

Every year the HSA sponsors the TicToc (To Introduce Culture To Our Classrooms) program, as we feel this is such an important piece of our children's education. However, we cannot do this without parents volunteering as Art Docents.

***What is an Art Docent you ask?*** *An Art Docent is a parent volunteer who learns and shares the work of an artist with their child's class.*

***Scared about what you would do with the kids? Don't feel artistic?*** *Just reach out and we can provide you info that will help you in planning....or connect you with those who have done it in the past and are pros!*

This is a great opportunity to get in the classroom and volunteer if your schedule allows! Here's a short video of our Travell students, as they express the value of TicToc.
